THE School will re-assemble on Wednesday, February, 12th, 1919.

We regret to have to announce the death of Mr. E. R. Sparrow, which occurred on October 11th. Mr. Sparrow was the first boy whose name was entered on the School roll in Skene Street and he was very proud of the distinction. He was extremely popular with both old and young, and was a very loyal Old Collegian. Until his health failed he was always present at the ordinary College functions, and many generations of boys will remember with pleasure the kindly way in which he used to mingle with the "nippers" (as he called them) and indulged in a "Chirp from his perch." Special reference to his death was made at roll-call, and representatives of the College, and of the Old Collegians' Association, attended his funeral.

When the official news came through of the signing of the armistice great excitement naturally prevailed, and the evening of November 11th will live long in the memories of all. On the following morning at roll-call, the Headmaster briefly addressed the School. He spoke of the thankfulness each one present must feel that the war was virtually over, and emphasised the fact that the motive of our rejoicing was not merely that we had won the war, but that we had won it through the justice of our cause. He made feeling reference to the Old Boys who would never come back to us, and urged the present boys to behave becomingly in the midst of all their rejoicing. The National Anthem was then sung, and all work was suspended for the day.

Mr. H. Pillow has offered a bursary of the value of £15 every year for the next five years, in memory of his two sons, Fen and Roy, who lost their lives in the war.

THE PREFECTS, 1918

W. R. Macpherson.	L. C. Cruickshank.	
W. C. Peter.	J. B. Hawkes (Head Prefect)	E. G. M. Riggall.

Mrs. Pillow is giving each of the members of the 1918 crew a model of the cup won by Roy Pillow at the Military Athletic Sports in Frances. This is in memory of her son Fen, who was a member of the eight when at School.

Mr. H. H. Washington, manager of the National Bank, Geelong, has donated a prize for the best student in commercial subjects in the Intermediate Examination Form.

Mr. Harold Hurst has presented to the Library a splendidly bound volume, called "The All-Australian War Memorial/' containing lists and photographs of the righting families of Victoria, as well as numerous other illustrated articles.

Mrs. R. C. Webb has forwarded a cheque to be expended on books for the College Library.

The Membership ticket presented by the Melbourne Cricket Club for the best player for the season in the College team has been awarded to W. S. Sharland.

We heartily congratulate Jack Hawkes on winning for the fifth year in succession the Public Schools' Lawn Tennis Championship, with the right to hold for a year the Raynes-Dickson Shield: He won every set and as a matter of fact lost only six games in the ten sets played. As this is the last time he will compete for the Championship, 'it' will be interesting to note that in the five years he has won 25 rubbers, -50 sets, 306 games and has lost no rubbers, no sets, 81 games; It should be safe to predict that he will make his mark in Interstate Tennis in the near future.

The Games Committee has awarded colours to the following boys for 1918:—For rowing: J. K. Carmichael, W. L. Langslow, C. E. McArthur (cox), W. C. Peter, J. W. Robertson, J. G. Steele. For football: J. D'Helin, W. L. Langslow, C. E. McArthur, L. Morton, W. N. Ricketts, W., S. Sharland. For cricket: F. M. Lee, C. E. McArthur. For running: W. R. Macpherson, J. B. Paterson. Caps were awarded to A. E. Purnell (cricket) and J. Henry (running).

An excellent photograph of the late Gunner C. M. Webb has been presented to the school by his mother. It has been hung over the mantel-piece in the Sixth Form Room,

THE PEGASUS.

A large framed photograph of the late Captain F. Stanley Davidson has been presented to the School by his father. Another valuable gift is an enlarged photograph of B. H. Cavanagh, E. R. Cavanagh, and A- W. Cavanagh, three brothers, all Old Collegians, who have each been awarded the Distinguished Conduct Medal during the war. The donor of this is Mr. J. F. Guthrie.

Cricket.

The last term's cricket was slightly interfered with by the training for the sports. Nevertheless, the first eleven acquitted itself well, and fought out two very interesting matches against Scotch and Xavier. We were beaten in both matches by small margins, and the need of another really good bowler could be easily seen. The eleven has not been successful in a match during the year, but has given in every match, except perhaps the first, a very creditable display, and is easily our strongest team since **1915**.

Sharland stands out as the most successful all-round player, and his score of 142 against Xavier College cannot be too highly praised. J. Hawkes comes second in both averages, and has had a fair all round year. Colin McArthur has struck his true form this term, and he and R. Lee give great promise for next year. The fielding has been excellent, and hardly a catch has been missed during any of the matches.

As a wind-up to the year's cricket, we had a most enjoyable game against a team of Old Boys, captained by Dr. Baird, who very kindly got up the team to play us.

Carmichael and Lee both batted well near the conclusion of the innings. Scotch, in their second innings, made 181 (Grant getting top score with a well made 44 not out). With 228 to win. College made another good start, Morton making 18, while J. Hawkes batted very well for 43. Towards the close of the innings C. McArthur got going and made 29, but we failed to win by 62 runs, after an interesting match right through. Scores:—

XAVIER COLLEGE v. GEELONG COLLEGE.

College won the toss and went in on a splendid wicket, but started disastrously, four good wickets going for 17 runs. However, a great partnership by Sharland and C. McArthur changed the aspect of affairs. They put on 136 runs before C. McArthur was run out for a splendidly compiled 54. F. Lee and Sharland made another partnership of 125, before Sharland's great innings was brought to a close. He had made 142 by brilliant strokes all round the wicket, and fully deserved the congratulations which were bestowed upon him. Mainly through the efforts of these three boys the total reached 298. Lee surprised everybody with his score of 50, and it augurs well for next year. The Xavier fielding and catching seemed very half-hearted, and many runs were thus gained. Xavier succeeded in winning the match by their formidable strength in batting (A. Keane making 110 in faultless style). Rain came on after the match had been won, and it was soon abandoned. Xavier won by 2 wickets and 68 runs. Scores:—

Rowing.

The Annual Forms' Regatta took place on November 28th, and, as usual, excited keen competition. A strong breeze made the water choppy, and gave crews on the South course considerable advantage. The following were the results:—

First Heat.		
VI.	Versus	Middle Fifth
R. K. McArthur (bow)		W. L. Waugh (bow)
F. W. Gilmour (2)		J. Maddern (2)
A. R. Moreton (3)		J. A.T. Home (3)
J. R. Macmillan (stroke)	E.	M. C. Webb (stroke)

Middle Fifth obtained an advantage at the start and managed to maintain their lead despite the great efforts made by the Sixth, winning by one and a quarter lengths.

Second Heat.		
Upper Fifth	Versus	Rest of School.
A. M. Baird (bow)		R. Miller (bow)
D. W. Hope (2)		P. Stewart (2)
P. Adzen (3)		R. Waugh (3)
C. C. Bell (stroke)		E. Greeves (stroke)

The Upper Fifth were never extended, and rowing easily won by two lengths.

Third Heat (Juniors).		
Middle Fifth	Versus	Rest of School.
J. J. Smail (bow)		G. Waugh (bow)
H. Kennedy (2)		A. Kendell (2)
J. R. T. Macmillan (3)		B. Barnes (3)
R. Morton (stroke)		N. Russell (stroke)

Rest of School won a splendid race by three feet.

Fourth Heat (Senior Final).		
Upper Fifth.	Versus	Middle Fifth.
Middle Fifth again got a good start, but Upper Fifth gradually overhauled them, till in one place they led by half a length. The former, however, were not to be denied, and sprinting gamely drew ahead once more, eventually winning by one and a quarter lengths.		

Tennis Notes.

Tennis at the School this year does not seem to have been quite as popular as last year. It should be remembered that there will probably be several vacancies to fill in the four next year, and we should like to see the younger members, among whom there are some promising players, practising hard,

The annual match against Geelong Grammar School was played on the Geelong courts on September 28th, under rather unfavourable conditions, a strong north-westerly wind blowing across the courts. The following account of the match is from "The Australasian":—

"The College was without the services of Carmichael, and played C. McArthur and Macpherson as new players; while the Grammar School had three new representatives in Hesketh, McEwan and Coldham. Considering what little practice the boys can get between the football and cricket seasons, and the prevailing weather conditions, the play all round was very good. Armstrong stood right out for Grammar, his service, back-hand volley, and overhead work being very good. Hesketh showed good over-head smashing powers, but was weak in the return of service, and served too many double faults. McEwan and Coldham made good shots, but broke down too much, and their services were erratic. Jack Hawkes played his usual game, and his experience pulled his partner and himself out of some bad positions with splendid shots. Macpherson at times played well, but was erratic in his returns. The McArthur boys played a solid, steady, tossing game, and showed to great advantage in letting their opponents break down. The President of the Geelong Lawn Tennis Club and Mrs. Hawkes very kindly entertained both teams, and the Masters and friends of the two schools to afternoon tea.

Scores:—

Hawkes and Macpherson (College) beat Armstrong and Hesketh (Grammar), 6—2, 12—10; and beat Coldham and McKewan (Grammar), 6—4, 6—0.

R. and C. McArthur (College) lost to Armstrong and Hesketh, 6—2, 5—7, 2—6; **and** beat Coldham and McEwan, 6—4, 6—2.

Totals:—College, 3 rubbers, 7 sets, 55 games.
Grammar, 1 rubber, 2 sets, 37 games.

The annual tournaments were, as usual, played during the last term, and many close matches resulted.

Mrs. Hawkes again kindly presented two racquets for the Senior and Junior Championships.

Annual Athletic Sports.

The Annual Sports were held this year on October 12th. We were not as fortunate as usual with the weather, as a hot windy spell worked up to a change, and rain set in shortly before the time fixed for commencing the races. However, the rain stopped before the afternoon was

over, and did not prevent a large crowd from assembling to witness the sports. Nothing short of a deluge would perturb Mr. James D'Helin, and his cheery "Come on, you fellows!" was the signal that rain or no rain the programme had to be got through in time—and it was. Our thanks are due to him, and to the timekeepers, Mr. T. Bennett and Mr. E. C. Bradley, for once more assisting us to carry out the programme. The Committee of Management had made very complete arrangements; special recognition is due to J. B. Hawkes, on whose shoulders the bulk of the secretarial work fell. The City Band, under the baton of Mr. Percy Jones, rendered an excellent programme of music. Afternoon Tea was served in the Hall and a small charge made; the proceeds, totalling over £20, was donated to the War Funds. The prize-winners unanimously agreed to set aside a proportion of their prize money to the same object.

The contest for the College Cup was rather uninteresting, as the only competitors were E. G. M. Riggall and J. B. Hawkes. Riggall won the Putting the Weight, and in doing so broke the College record for that event but in the other events Hawkes proved his superiority, and won by 17 points to 13; the 100 Yards and Mile not being run.

E. McCann won the Under 14 Championship, with J. R. T. Macmillan a very close second.

The Under 16 Championship was won by A. J. Wilson.

For the Norman Morrison Cup, A. E. McDonald, C. E. Rich, and A. J. Wilson tied. The run-off at 150 yards was won by McDonald.

The Old Collegians' Cup was won by L. N. Hurst, and the Veterans' Plate by Dr. W. W. Hope.

This year, instead of the Bicycle Race, a 300 Yards' Flat Race, under 15, was substituted.

One very pleasing feature of the meeting was the excellent entries for the Old Boys' events. We are grateful for the support thus shown by the Old Boys, and for the trophies generously donated by so many friends of the School.

Appended are the names of the Officials and the results of the races:—

Combined Public Schools Sports.

The annual competition in athletic sports for "The Argus" and "The Australasian" Cup was held on the Melbourne Cricket Ground on 25th October. There was a very large attendance, and as a charge was made for admission, the French Red Cross Fund, to which the profits were devoted, benefited considerably as a result of the meeting. General Pau, the leader of the French Mission, handed the cup to the captain of the winning team at the conclusion of the sports. The scene of enthusiasm on the arrival of General Pau and the other distinguished visitors, was one that will not readily be forgotten by those who were privileged to see it.

The cup was won by the Melbourne Grammar School, who had a fine even team, and thoroughly deserved their victory.

Our team was a weak one this year, and we did not secure any first places. Our best performances were Paterson's second in the high jump ; Henry's second in the 300 yards under 15; and Macpherson's third in the 120 yards' hurdles.

Two records were broken during the meeting, S. H. Thompson, of Scotch College, clearing 20 feet $5\frac{3}{4}$ inches in the long jump under 16, and W. A. Winter-Irving, of the Melbourne Grammar School, 21 feet 3 inches in the open long jump.

The following is the number of points scored by each school :—Melbourne Grammar School, 110½; Scotch College, 83½; Wesley College, 48%; Xavier College, 46%; Geelong Grammar School, 32; Geelong College, 21.

The College representatives were:—W. R. Macpherson (capt.), E. G. M. Riggall, H. C. -R. Quick, J. B. Paterson, W. L. Langslow, J. B. Hawkes, F. R. Apted, C. E. Rich, A. E. McDonald, J. R. T. Macmillan, A. G. Baird, J. A. Henry, N. K. Russell, A. J. Wilson. The following additional runners took part in the Flag Race:—C. C. Bell, T. S. Ising, F. M. Lee, F. P. Steele, R. L. Sutherland, L. P. W. Brooke,

The official description of the circumstances under which Alan Tait won his Military Cross is as follows:—2nd Lieut. A. T. Tait, "For conspicuous gallantry and devotion to duty in vacating, under orders, a position and withdrawing to a sunken road, and then retaking the same position in the face of a very heavy fire. He held this position until it became untenable and then was ordered again to withdraw. His coolness was magnificent, and he showed himself a fine leader of men."

Mr. James Reid, on 26th October, received a cable from Captain W. J. Reid, M.C., from London, reading "Sailing France. Well."

Private J. D. L. McGregor, 18th Battalion Reinforcements, called at the College when in Geelong on final leave.

Lieut. Geoffrey ("Johnny") Walker motored down from Ballarat to visit the old school and see the forms' rowing races on the Barwon. He was recently invalided home from England, where he had for some time been acting as a Flying Instructor. He was affected in his lungs through mounting, in a moment of forgetfulness, to a height of 20,000 feet or thereabouts, and so diminishing the pressure of the air to unreasonable limits. He gives a graphic description of Tom Rand's pluck when he had the bad fall referred to in last term's Pegasus.

We are sorry to hear that Alec Allardyce had been wounded again.

In a recent home letter N. Stott gives a realistic account of a fight in a camp in England, in which he and the camp bully figured as principals. After a long, and evidently "willing" set-to, he was victorious, much to the delight of the rest of the company.

Major (Dr.) D. E. Stodart, D.F.C., has been awarded the D.S.O. According to an account in an English paper, which also reproduced his photograph, "during a period of 21 days he was 37 hours in the air, performing the duties of an entire flight, all his officers being incapacitated. He dropped 115 bombs, exposed 326 negatives, and acted as observer for 163 rounds of our heavy artillery."

We hear that Lieut. Harold Davidson came out on top in a school of instruction in France.

The Headmaster wishes to acknowledge the receipt of letters or cards from R. Lamble, P. Campbell, J. D. Jones, D. H. Oliver, Jim Bell, J. H. Sprigg, R. Campbell, W. Macmillan, J. L. Sharland, E. Finch, H. M. Hedges.

We congratulate Rowland Hope on his promotion to Captain.

Old Boys will be glad to hear that J. Mel. Chirnside has been awarded the Military Cross. A similar honour has been conferred on R. E. Cameron.

Tom Murray has been promoted to Second Lieutenant. In a letter received last month he says he spent eight months in England gaining his commission, and had a great time. . He had seen several Old Boys. Les. Reid was still in England, and very well. After he had gained his lieutenancy Tom went over to France with a siege battery.

Geoff. Mitchell has been made a Major and is on home service in charge of a depot. It is probable that he will join the Indian Army, and continue his duties in it after the war.

Lieut W. Bell has arrived home from England. He had been discharged there and for some time had been doing home service duties, training recruits, etc.

Several Old Collegians attended Roy Pillow's funeral in England. His brother Bert, who had arrived in England just a month before to do war work, had the melancholy satisfaction of being present. Others were Tom Rand, Reg. Campbell, and Lewis McKenzie.

W. L. Reilly (K.M.) who left the Royal Australian Naval College in December, 1916, and has since been employed in vessels in the North Sea, has passed his seamanship examinations for the rank of Lieutenant, and has been promoted to be acting Sub-Lieutenant.

The "London Gazette/" in September, contains an account of the circumstances under which Lieut. C. M. Stodart, 2nd F.A. Brigade, gained his Military Cross. "Prior to an attack he made a difficult reconnaissance to select a site for a continuous wave wireless set and conducted the wireless personnel to the position selected. On the night of the attack he acted at the observation post as forward observation officer, and when the infantry advanced he followed them under heavy shell fire, maintaining communication, and telephoning back valuable information, which was passed to Brigade headquarters. Throughout the operations he afforded a fine example of courage and devotion to duty."

We congratulate Lieut. W. W. Leggatt on being awarded the Military Cross.

Sergeant H. E. Sewell, an original Anzac, who saw service in Egypt, Gallipoli, and France, has returned to Australia. He called at the College recently to renew old memories.

Dr. A. E. Pillow, who went to England to offer his services to the war authorities, has returned to the Congo.

Tom Hawkes and Les Brumley, who were on the ill-fated Barambah, have arrived in good health in England, after a protracted voyage of 13 weeks. In a letter Les. Brumley says that they found the voyage rather monotonous. They had some gun practice on the way over, and one day

bad an opportunity of testing their skill on several whales which hovered around the ship.

Colin Carrick writes from France, and is very well. He states that he received the Dec, 1917, and May, 1918, Pegasus, and greatly enjoyed reading them. He had seen several Old Boys, Jack Salmon, Russell Blake, Bob Hodges, and Eric Finch, all of whom were well.

Since he recovered from his wounds in August, Rowland Hope has been training recruits in Ireland, and having an easy time. He has been having plenty of golf, tennis, and dancing. Jim did not reach the front. He had been training at Uxbridge for a pilot, and has passed some of the necessary exams.

Wilfred Macmillan was in England and Scotland for some time after he arrived, training for the front. In October he went over to France, and has been there since.

"Tim" Morrison is still in the Soudan, and has been laid up for some weeks with an attack of jaundice, which has left him feeling very weak, with a loss of two stone in weight.

The War Memorial Fund.

(By A. Norman McArthur).

It was unanimously decided at the general meeting, held in June, to establish a War Memorial Fund, to be devoted to scholarships and bursaries for the Geelong College. The capital will be invested by Trustees appointed from the members of the Old Collegians' Association, to bear 4 to 4½ per cent, in such investments as are suitable for trust funds. It is proposed to have scholarships and bursaries open to sons of Old Collegians only; in the first place to sons of Old Collegians who have served in this great war. Most of the Old Collegians who have served are young men, therefore it will be some years before this clause becomes effective. Scholarships are decided from an academic standpoint. The examinations are set, and if the standard is reached the best candidate is selected by the Headmaster. Bursaries will be awarded on quite a different principle; they will be given to sons of Old Collegians to assist in keeping them at the College. There will be no examination, and recommendations for the bursary will be made after due consider-

ation has been given to the whole position of the parent and the boy concerned. It is obvious that there can hardly be a limit to scholarships and bursaries; they can be applied in all sorts of ways and with a variety of conditions that will practically reach all potential scholars. For this year, though the fund is only in its initial stages, it has reached a considerable sum, and we have already awarded two bursaries, using up the interest which will be available for next year. These have already been advertised in the "Argus" and Geelong papers, and Old Collegians have been invited to send in applications to the Secretary of the Old Boys' Association on behalf of their sons.

We could quite easily do with ten to twelve scholarships or bursaries, making the capital value £10,000 to £12,000, and even this is little enough. After establishing the necessary scholarships and bursaries, if there is still some capital over it may be used, on the recommendation of the Trustees of the War Memorial Fund, for erecting a memorial building. This clause has been inserted because, as time goes on, it may be essential to add a building instead of increasing scholarships. The moment this fund is established every Old Collegian must realise that it becomes his duty not only to invest in the fund himself but to induce every Old Collegian to do so. Moreover, during this war the uncertainty of life has had a greater meaning than heretofore, and therefore I should suggest that all those who have means should add a codicil to their wills, leaving something to this War Memorial Fund. We never want to see this fund closed. Every year Old Collegians who have recently left school will subscribe to it. Some are giving large amounts in one lump sum, others are dividing up the amounts so as to give so much every year for three, five, or ten years as the case may be, others give War Bonds. Other leading public schools of Victoria have a great amount of capital invested for this purpose, and their scholarships and bursaries are magnificent. It behoves Old Collegians to make big efforts and great sacrifices to enable the Geelong College to maintain her position among the great public schools of Australia. This great war has shown the value of public school education. The splendid young lives that have made the supreme sacrifice, those who return maimed and broken in health, and others who have returned unscathed, all deserve a lasting memorial as a thanksgiving for having done their "bit" in preventing the yoke of the brutal Hun being imposed on a civilised world,

Our Roll of Honour.

Since the last issue of the "Pegasus" the following Old Cqlllegians have given their lives for their country:—

F. S. DAVIDSON

A. E. GOLLER

H. E. HAWKESWORTH

T. R. LOWE

J. MURRAY

H. F. PILLOW

R. N. PILLOW

L. E. W. ROBERTS

P. H. SANDFORD

Captain F. S. Davidson entered the College in 1907. After passing the Junior and Senior Examinations he was articled to Messrs. Laird and Buchan, architects, and gave promise of making a mark in his profession. He joined the Geelong camp in September, 1915, and left Australia as Lance-Corporal in the 5th Field Coy. Engineers, on November 23rd, 1915. He gained his commission in the desert, went to France in June, 1916, and took part in the engagements at Pozieres, Moquet Farm, and Bapaume. In August of this year he was transferred to the 2nd Field Coy. Engineers, with rank as Captain; he was killed on September 15th by a 5.9 shell while sitting at mess with some other officers. He was buried in the Military Cemetery at Tincourt, near Peronne,

Lieutenant J. W. Fenton was a pupil at the School in 1909-10. He was a fine all-round athlete, and was a member of the football, cricket, and running teams of 1910. He was well-known and popular throughout the Western District. He was managing his father's estate at the time of his enlistment, July 15th, 1915. He left Australia as a gunner with the 11th Battery, 4th Field Artillery Brigade, on November 18th, 1915. After three months in Egypt, he left for France on March 12th, 1916. He was awarded the Military Medal in November, 1917, and was then promoted to 2nd Lieutenant on the field. Two months before his death he was promoted to 1st Lieutenant. He died in the hospital at Boulogne on June 19th, 1918, as the result of being severely gassed and wounded, on June 3rd.

Corporal J. Murray joined the College in 1909 and left in 1912. Taking up his residence in Sydney, he then entered the Sydney Grammar School, and while still a pupil there, enlisted soon after the outbreak of the war. He left Australia with the first division, under General Bridges, as a member of D Company, 5th Battalion. He was wounded the fourth day after the landing at Gallipoli. Subsequently, as the result of an operation for appendicitis, he was not permitted to go to the front, but was given clerical work at a base in France, until June, 1917. He returned to his unit on September 8th., 1917, and was killed during an advance on September 20th., 1917. He was killed instantaneously by a shell, and was buried where he fell.

Trooper H. F. Pillow entered the College in 1909. He was in the Football team in 1912, and was described in the "Pegasus" that year as a "hard battler"—a characteristic of all his work and sport. He was in the crew of the same year. After leaving the College he went to Dookie Agricultural College where, by the time of his enlistment, he had passed his second year and been elected captain of the College. He sailed on the 28th May, 1915, as a trooper in the 13th Light Horse, and served as an infantryman on Gallipoli until the evacuation. He then went to France where he was awarded the Military Medal for despatch riding, in July, 1917. To get nearer the front line he transferred to the 24th Battalion of Infantry, and was offered a commission in August, 1918, but refused it. He met his death going out for dangerously wounded men lying in No Man's Land. He was so badly wounded himself that he died two days later, August 18th, 1918. He is buried in a cemetery near Amiens. The news of his death was reported on the same day as that of his brother Roy,

Cadet R. N. Pillow entered the College in 1909 and had a brilliant career both in lessons and in sport. He won the Gus Kearney Scholarship in 1913, and was Dux of the College in 1914. He was also a Prefect in those two years. He was a member of the Shooting team in 1912 and 1913, and was a fine wing player in football, in which branch of sport he represented the School in 1912, 1913, and 1914. Perhaps to many he is best known as an excellent long distance runner. He won the mile-race at the combined sports in 1913, and the mile and half-mile in 1914. On leaving the College he proceeded to Ormond College, and had passed the first year of his medical course, when he enlisted in August, 1915. He sailed on June 1st, 1916, as private in No. 3 Australian Casualty Clearing Station Unit and went direct to France, where he remained 18 months. He then transferred as cadet to the Flying School at Oxford, where he came out top of the examination lists at the end of his course. While finishing his course in the practical work at Leighterton, he was accidentally killed. He had graduated for his commission two days before. He was buried with full military honours at Leighterton.

Lance-Corporal H. E. Hawkesworth entered the School in 1893, and was in attendance for about five years. After being for a time with his father in business, he went to the Ballarat School of Mines, and was afterwards metallurgist at one of the Broken Hill mines. He was studying for the Mines' Managership examination when the war broke out. He at once returned to Geelong, and within a fortnight of the declaration of war he was in camp at Broadmeadows. He sailed for Egypt on October 21st, 1914, and from there went to Gallipoli. He was wounded at Cape Hellas, and took part in the Lone Pine and other important engagements in the Gallipoli campaign. He went to France in April, 1916, and served in several of the famous battles there, being wounded again near Passchendaele. He was ultimately invalided to England with a septic finger and put on home service duty. He died of Spanish influenza at the Military Hospital at Devonport, near Plymouth.

Corporal T. R. Lowe entered the College in 1904 and stayed for about three years. At the time of his death he was serving in the 12th Battery, 4th Brigade, and had done his 1000 days of active service in France. After Mt. St. Quentin was won by the Australians' 2nd Division, they pushed further East, and about eighteen days after they met with a very heavy artillery fire from the Huns. A shell dropped in the gun pit and Corporal Lowe was killed instantly, on September 18th, 1918. He was buried in the military cemetery of Roisel, near Peronne.

Captain L. E. W. Roberts entered the College in 1909. Before leaving he passed the Junior Public and Senior Public with distinction, and gained a resident scholarship at Ormond College. He entered on the Honour course in medicine in 1913, and won a place in both the University examinations for prosectors and Honour Pathology students. He first volunteered in 1915, when a 4th year medical student, but was sent back to finish his course. After taking early examinations for his final year he again enlisted, and he left for the front on October 30th, 1917. After doing medical work in various parts of England he was transferred in July to the Australian 1st General Hospital, at Rouen. He was afterwards appointed medical officer to the 30th Battalion, 5th Division, and did splendid work in the great advance. He died of wounds on September 2nd, 1918. His Colonel writes:—"It is no mere words when I say a finer or more gallant officer never served under me." His contemporaries at school will remember him as a clever amateur conjurer.

Lieutenant P. H. Sandford attended the College 1895 to 1897. He was a member of the cricket eleven 1896-7, which was a particularly good team. Though he developed into a big man, being 6ft. 2ins. in height, and weighing about 16 stone, he did not at all times enjoy good health. As the climate of Victoria did not suit him he spent some years in South Africa and Queensland, and it was while on the land in the latter place that he enlisted. He died of wounds in France, on September 1st of the present year.

Corporal A. G. Rowan attended the College, 1912-13. At the time of his enlistment he was following the occupation of farmer and grazier. He was killed in action in the Passchendaele advance, on the 4th October, 1917, but for a long time was reported as wounded and missing. A few days before his death he passed well for promotion in an officers' school of instruction, being next to top in his Battalion. Had he come through the fight all right he would have gained his commission.

Captain-Chaplain Goller entered the School in 1897. He was a member of the Football eighteens of 1900 and 1901. He was also conspicuous in the classroom and won a scholarship, which gave him entrance into Ormond College. In his six years' course there he gained a scholarship each year and obtained honours, and finally his B.A. and M.A. degrees. He was in the Football eighteen at Ormond College, and kept up his interest in sport right up to the last. He sailed from Australia on the 19th February, 1917, in the "Ballarat," which was torpedoed in the English Channel on the 25th April. He was sent to Salisbury Plains, where he remained as Chaplain in different camps until November. He was then appointed to the 2nd A.G. Hospital at Boulogne. In January, 1918, he was appointed to the 37th Battalion, with which he remained until he was killed in action on 29th September.

Military Distinctions.

In the last issue of the "Pegasus" was included a list of Military Distinctions won by Old Collegians. This, as we anticipated, proved to be defective, and several omissions have been pointed out. Any further mistakes will gladly be rectified, as our aim is to get the list complete and accurate.

Debating Society.

On September 23rd the debate with Yarra Street Men's Club, which was postponed from last term, took place at the latter's hall. The subject was "That the White Australia Policy should be Maintained/' **and** we supported the negative side. Our opponents comprised Messrs. Vercoe, Kroeger, and Dudgeon, while W. N. Ricketts, J. G. Steele, and W. C. Peter represented the College. We were fortunate enough to have Mr. Birdsey judging again; his criticisms met with the approval of all concerned. The chairman, Mr. Gill, gave the College team a cordial welcome, and then called on Mr. Vercoe to open the debate, which he did in a very eloquent speech, pointing out the glorious deeds achieved by our pioneers. W. Ricketts replied for the College, and showed clearly that the White Australia Act was passed at a time when it was not viewed in a proper light, and that its passing was due to purely selfish reasons. The others then spoke in turn, after which the leaders summed up. At the conclusion, Mr. Birdsey announced a College victory by 290 to 257 points, and explained the principles upon which he judged, at the same time offering both parties useful criticism. Peter was specially commended for his fine speech. After the judge had been accorded a vote of thanks, supper was served, and the meeting concluded with the National Anthem.

On the following Saturday the Annual Banquet was held and proved, as usual, very enjoyable. Although not so well attended as last year's, it was in every sense a great success, and crowned a splendid year's work.

Unfortunately Mr. S. B. Calvert, who always takes the keenest interest in the Society, was unable to be present, owing to business at the Melbourne **Show**.

The toasts elicited some excellent speeches, both in the proposals and in the replies.

Our best thanks are due to the following members for their much appreciated musical **and elocutionary items**:—Mr. Orton, Mr. Clarke, Mr. Harry, and W, N, **Ricketts**,

Mr. Harry announced that the Junior Debating Prize, **of which he** is the donor, was awarded to A. G. Burnet, but that Mr. Calvert **had** not intimated to whom he wished to present the Senior Prize. (**This was** subsequently awarded to W. C. Peter). A most enjoyable evening concluded with Auld Lang Syne.

Speech Day.

(From the Geelong Advertiser).

The Annual Speech Day was held in the Mechanics' Hail, on December 18th, in the presence of a large number of parents, Old Boys, and supporters of the College. Mr. Charles Shannon presided. Members of the Clergy, Council, and other prominent supporters of the College had seats on the platform, which was tastefully embellished with palms and flags. Prayer was said by the Rev. J. J. Hastie, and after a few remarks by the chairman, the Right Rev. the Moderator-Generajl of the Presbyterian Church, gave a vigorous address. He expressed the hope that during his term of office he would be able to visit all the Presbyterian scholastic establishments throughout Australia. Education had always **occupied a** foremost place with the Presbyterian Church. They sought a broad system. Their rule was that before candidates for Ministry went in for Theology, they must do an Arts course. The Presbyterian **Church** recognised that not merely the emotions, but also the intellects of the people, must be appealed to. The Geelong College, like its sister school, **the** Melbourne Scotch College, had a magnificent reputation. All interested should realise that progress depended not merely upon the masters. The work of the Church was the work of the members of the Church, and the responsibility for the advancement of our schools depended on the rank and file of the Church. Presbyterians were somewhat lacking in manifestations of enthusiasm. This was sometimes a mistake, if they believed in their Colleges they should stand up for them. The **boys** who had gone to the war from the Presbyterian Colleges had won the regard and admiration of the whole world. The Presbyterian Church supported the national system of education. There was no desire to see the State School schemes weakened. In the Church schools—of which he hoped to see many more established—there was no desire to give a

narrow sectarian teaching. They aimed at inculcating a virile evangelical religion. Children from all denominations gathered in the Presbyterian Colleges, and there was no attempt at proselytising. One of the great results of the war had been the merging of all classes together as a great brotherhood in the fight for freedom. When our men came back they would show clearly that they were up against anything that would separate men. Only those people who had been across the seas realised the tremendousness of the great struggle. There were going to be great changes. Did they think it was safe that the future of the country should be in the hands of people who had no definite religious ideals? A large number, both of the upper and working classes, never visited a church. This was the great danger ahead. The time had come when every man and woman should resolve that their sons and daughters must receive a religious training. Otherwise the star of Australia would set, and ruin ensue.

The educational prizes were distributed by the Moderator, and the sports prizes by Mr. Robt. C. Bell.

The Chairman extended the compliments of the season to the boys, who responded with cheers for the Chairman and Principal.

An apology for the absence of the Mayor (Cr. Hitchcock) was received.

ANNUAL REPORT.

In submitting to you the 58th Annual Report of the Geelong College I would first of all give expression to the feeling that has lately been uppermost in all hearts, the feeling of deep thankfulness that the courage, the endurance and the self-sacrifice of the Allies have at length brought victory to a just cause. For Australians who have had no conscription, the war has been the touchstone that has tested character, and Australian schools may well be proud of their boys for the unhesitating response they have given to the call of duty. Of our own Old Boys over 500 enlisted and 82 of them gave their lives for their country.

During the last Xmas vacation considerable improvements were made at Warrinn, the School House. Additional dormitory accommodation was provided and a hot water service was supplied to the baths, so that the boys there might be as comfortable as in the main building.

I am pleased to be able to say that the health of the school has been excellent. We have been entirely free from any epidemic; consequently there has been no

interruption in our work throughout the year. The progress of the classes, as tested by our school examinations, has been satisfactory. In the sixth form there has been keen competition especially in the honours division, and a pleasing feature about the results in this division is that every boy who has won a prize has represented the school in one or more branches of sport.

For the Dr. Gus Kearney prize proficiency in sport is taken into consideration equally with proficiency in study. This year it has been found impossible to decide between two competitors for the prize. Both are members of the honour sixth form and have done excellent work, and both have represented the school in two branches of Public School sport. The prize has therefore been divided.

Special mention should be made of the excellent work done by the Debating Society under Mr. Harry's guidance. Our boys have profited by the experience gained in competition with teams outside the school and by the helpful criticism of the judges. This year the quality of the debates reached a high level and in both of our contests with outside teams we were successful.

In sport our chief success has been gained in tennis. For the fifth year in succession Jack Hawkes won the Schoolboys' Championship of Victoria and carried off the Raynes-Dickson shield; he also won the Schoolboys' Asphalt Championship. In cricket, though we did not succeed in winning any of our matches, yet several of the games were very closely contested. We began the football season with a light and weak team, which however by hard practice improved so much that we succeeded in winning our last match. The juniors also practised keenly and Won two out of their four matches in football.

Since the date of my last report the following boys have completed either the Junior Public or the Intermediate examination:—A. L. Brumley, J. K. Carmichael, J. F. Forrest, J. F. Higginbotham, B. R. Keith, A. W. King, J. H. Lucas, C. E. McArthur, R. K. McArthur, A. J. McL. Wilson, H. Wilson and J. R. W. A. Heath.

At the Senior Public examination L. M. Clark obtained 1st class honours in Chemistry and 3rd class in Physics. R. R. Taylor passed the examination as a whole, and obtained 2nd class honours in English with a 3rd class in History. F. M. Lee, L. C. Cruickshank, W^r. C. Peter and A. G. Sloane passed or completed a pass, and six others passed in two or more subjects.

At the recent examination for entrance to Duntroon Military College, H. Wilson gained a place amongst the successful candidates.

Our Old Boys at the Melbourne University have been acquitting themselves well. The following results of their work are to hand:—

In medicine, C. E. Backwell, H. I. Gibb and F. M. Burnet have passed 1st year, Burnet halving the exhibition in both Chemistry and Natural Philosophy, and also

obtaining 2nd class honours in Biology. R. C. E. Brodie, J. R. Hobbs and N. A. Longden have passed the 3rd year, Longden obtaining 1st class honours in Anatomy and halving the exhibition. A. E. Lee has passed the 4th year with honours in Therapeutics and Public Health, E. E. Mackay the same year with honours in Pathology. G. F. Cherry and N. E. S. Birnie have passed in Forensic Medicine. F. A. Bouvier has completed the course and obtained the degrees of M.B. and B.S.

J. K. Spalding has passed 1st year Dentistry; A. S. Marshall has passed 2nd year Arts; J. M. Taylor has completed his finals in Theology; L. F. Turner has obtained the degree of LL.B.

Congratulations are offered to those of our Old Boys who have won military distinctions. The following announcements have come to hand since the date of my last report:—Major L. E. McKenzie and Major D. E. Stodart were awarded the D.S.O. Major R. Lambie, Capt. K. Doig, Capt. N. R. Mathews, Capt. H. R. Collier, Capt. A. A. W. Hooper, Lieut. A. T. Tait, Lieut. C. M. Stodart, Lieut. W. W. Leggatt and Lieut. R. E. Cameron won the M.C., and Sgt. R. Buchanan, Ger. (afterwards Lieut.) J. Fenton, L.-Cpl. D. H. Oliver, Sapper E. G. Collins, Ger. H. W. Purnell and Pte A. G. Jones the M.M. Sgt. R. H. B. Malcolm was awarded a bar to his M.M. Sgt. J. S. Stewart and Corp. A. H. Cavanagh won the D.C.M. I may here mention that the same distinction was won by Corp. Cavanagh's two brothers, both Old Collegians. Sgt. A. E. Cother, Sgt. H. O. S. Drew and Corp. R. W. Littlejohns won the M.S.M. The Belgian Croix de Guerre was awarded to Lieut. A. G. P. Allardyce. The following were mentioned in despatches:—Major R. Lambie, Major G. A. N. Mitchell, Major K. A. McKenzie, Capt. C. L. Price (twice), Capt. H. G. Carstairs, Capt. J. D. Rogers (twice), Lieut. A. G. P. Allardyce and Sgt. F. G. Herman.

I am deeply grieved to have to add the following names to the list of those who have lost their lives on war service:—Chap.-Capt. A. E. Goller, Capt. H. R. Collier, **Capt.** F. S. Davidson, Capt. P. B. Sewell, Capt. L. E. W. Roberts, Lieut. P. H. Sandford, Lieut. J. W. Fenton, Sgt. H. W. Purnell, Corp. T. R. Lowe, Corp. A. G. Rowan, **L.-Cpl.** H. E. Hawkesworth, L.-Cpl. T. N. Willis, Trooper H. F. Pillow, Cadet R. N. Pillow, Cpl. J. Murray, Der. J. E. Ferrier, Pte. L. W. England, Pte. W. P. Hall, Pte. J. S. George is reported missing.

As a memorial to its members who have fallen in the war the Old Geelong Collegians' Association has established a War Memorial Endowment Fund, the interest on which is to be applied mainly to the provision of Scholarships and Bursaries to assist, in the first place, the sons of Old Collegians who have served their country at the front, and, failing competition from this source, the sons of any Old Collegians.

Some explanation is perhaps necessary with regard to the Bursaries. Scholarships, as the name implies, are awarded for proficiency in study. But the primary object of the present scheme is not simply to encourage proficiency in study, desirable though that object is, but rather to offer the advantages of a Public School training to deserving boys, to boys of the type of those in whose honour the memorial has been founded.

It was considered then that to make all awards depend upon an examination test would result in the exclusion of many boys of the very type it was desired to encourage. Hence there will be no competitive examination for the Bursaries. A Committee of Old Geelong Collegians will consider all applications and make the awards. Bursaries to the value of £60 will be available for next year.

A special bursary of the value of £15 a year has been placed at the disposal of the school for a period of five years by Mr H. Pillow, to serve as a memorial to his sons Trooper H. F. Pillow, M.M. and Cadet R. N. Pillow, both of whom lost their lives in the service of the Empire.

As boys at school both played a prominent part in our athletic life. H. F. Pillow represented us at Public School contests in football and rowing, his brother in football, shooting and running. R. N. Pillow distinguished himself equally in study. In his final year he was Dux of the College, and the year before he won the Dr. Gus Kearney Memorial Prize for proficiency in study and in sport combined. It seems fitting then that a memorial in their honour should be such as to encourage both application to study and keenness in sport. Hence this bursary will be open only to boys who- are studying for the Leaving examination or for Honours, and who have also represented the school in at least one branch of Public School sport. It has been awarded for next year to F. M. Lee, who this year divides the Dr. Gus Kearney prize.

I desire to convey to the members of the Staff my appreciation of the loyal support they have given me. My thanks are especially due to Mr A. H. Harry, whose long and valuable services to the school have been recognised by his appointment as Vice-Principal.

We are again indebted to many friends for their continued interest in the school. Mrs. R. C. Webb has made a handsome donation to the Library and prizes or trophies have been given by Mrs T. S. Hawkes, Mrs A. W. Gray, Mrs W. A. Macpherson, Mrs R. C. Webb, Mrs T. Riggall, Mrs R. Riggall, Mrs W. A. Waugh, Mrs H. Pillow, Miss Price, Dr. Baxter, Dr. R. H. Morrison, Mr R. C. Bell, Mr T. S. Hawkes, Mr J. L. Currie, Mr H. H. Washington, Mr A. J. Holden, Mr T. Robertson, Mr Lewis Bell, Mr E. K. Russell, Mr S. B. Calvert, Canon Wheeler, Mr A. H. Harry, Messrs P. & E. C. Bradley, and the Masters. To all these the cordial thanks of the school are offered.

In conclusion I should like to say how much I have been pleased this year by the spirit of keenness I have observed among the boys. This has not been confined to sport, but has extended to study, especially in the senior forms, and to our other activities. With few exceptions the boys seem to' me to have been trying to get the best out of their school life, and that, I would remind them, is the way to do their best for their school.

Letters from Old Boys at the Front.

From Tom Partington, Clapham, England, 14/7/'18:—

"Two months ago I was very nearly returning to Australia on account of my failing health, but have made such rapid progress that I have been able to "carry on." I am no use where any great exertion is required, and am still at Administrative Headquarters, London. . . . It is not often I rub against an old College pal. The last T met was Peter Campbell, who was one of the youngsters when I left school. . . . I often think of the old schooldays. I simply adored the Barwon river. Practically every Saturday I went on a long excursion. Are the boys as keen as ever on rowing to the Heads? My ambition was to reach the Heads in every boat in the sheds, including* the two pleasure boats, and before leaving I think I attained my objective. . . . When I return, if I am strong enough I shall try and arrange one of those trips with the present boys."

From R. Lamble, France, 20/9/'18 :—

"At last the Allies seem to have passed the turning-point, and in optimistic moments we let ourselves be persuaded that Christmas will see the end of it all; but the enemy has so frequently had some fresh card to play that perhaps it may be further off than that. There can be no doubt however of the final result, especially in view of the steady way in which the American troops are pouring in and the way in which the Boche is surrendering nowadays. The prisoners to a man are glad to be taken prisoner and are heartily "fed up" with the whole war. . . . Padre Forrest spent a night here on his way back from leave yesterday. He is looking rather older, but is otherwise just the same as he always was and is a very popular Padre among his men."

From D. H. Oliver, England, 29/9/T8:—

"Your letter finds me still here in this pretty, slow old country, while over the water all the other fellows are hitting up Fritz to such an extent that it seems probable that the Allies can finish the war without my valuable aid. However I expect that the arrival of this letter will coincide with my arrival in France. I thank you for your congratulations over the M.M. stunt. Decorations are nice to have, but I think that the fellow who goes looking for them is about the worst kind of ass in existence. . . . I met Gibb the other day looking well and fit. I cheered him up by telling him that he was in for a very rough time With the artillery, but he did not seem very depressed over the prospect I painted for him. I met Paine, commonly known in the old days as "Streak." He has returned wounded from France, but is quite fit and strong again."

From T. Rand, Minchinhampton, England, 12/9/'18:—

"I am not flying now on account of having my knee-cap broken, and my leg gets stiff if I keep it in one position for any length of time. I am sorry the old school did not win the boat race, but I hope to hear next year that they win by a few lengths. Roy **Pillow** was killed in an R.E.8, whilst learning to fly. He stalled the machine **after** taking off and lost flying speed, and nose dived into the ground. I was talking to him only **five minutes before he was killed.** He is buried in a cemetery about **five miles from here,**"

"The Day."

In the morning haze, by the Northern bays, the Allied vessels steamed
 To their stationed post, on the Scottish coast, to wait for the German Fleet:
 Then the Admiral spoke as the curling smoke gave sign of the ships' approach,
 "They have come in shame, let no acclaim their sullen passage greet."

So from first to last as their ships went past a death-like silence reigned,
 But the men gave vent to their feelings pent when Beatty himself came through,
 For in open fight he had proved his might in the good old British way;
 So they cheered and cheered, when his ship appeared, as sailors are wont to do.

"Search every gun of the wily Hun lest treachery still he show;
 When the sun's last ray at the close of day 'neath the crimsoned wave shall dip,
 Through all his fleet, to confess defeat, the **colours** that **proudly** fly
 At the bugle's note must cease to float from the mast of each German ship."

Not a word was uttered as down they fluttered, save many a Teuton curse,
 Each seaman mute with a stiff salute stood motionless in his place:
 "Would God," said one, when the day was done, "we had banged them in honest
 fight;
 To us it had meant a more deep content; to them 'twere a less disgrace."

"Now praise we the Lord that by strength of sword" (said Beatty) "the **Huns** are
 crushed;
 To force they appealed, to force they yield; as they sowed, they must also reap,
 To mariners all, whether great or small, captain or trawler's mate,
 Thanks do I give, long may you live, watch o'er our seas to keep." H.

The Armistice Celebrations.

When Marshal Foch began his tremendous blows against the Germans on the West Front, many prophesied an early termination of the war, but few of the most optimistic anticipated the sudden debacle which took place. The end came so suddenly that it bewildered many who, after four long years of terrible strain and anxiety, could not realise that the dreadful nightmare was at an end, and that the horrible spectre of German militarism was crushed.

Some slight preparation for the joyful tidings was given by the false alarm which occurred on the Friday preceding the signing of the Armistice, but that served to increase the tension, as it brought doubt to many minds. Others prepared for tremendous celebrations when the official statement was made. Trams and the Town Hall were festooned with electric lamps of our national colours, all ready to be switched on at a moment's notice. Everywhere people seemed bent on devising brilliant

decorative schemes. As Monday evening approached, the excitement grew intense and all ears were strained to catch the first notes of the Post Office clock, which were to announce the welcome news. Suddenly the pealing of bells and blowing of whistles told all who were not deaf that the great moment had arrived. Immediately a rush was made for the Town Hall, where the Mayor was to make the official announcement, and those who were fortunate enough to obtain leave lost no time in getting there.

Arrived at the place of assembly, one was strongly impressed by the good behaviour of the crowd, which numbered about 18,000. No larrikinism or unseemly conduct marred the scene, and it was worth while waiting four years to hear that crowd sing the National Anthem.

The scene of the great building illuminated by the blaze of numerous red, white, and blue electric lights, the officials on the porch, and the large throng standing bare-headed in the street in front formed a picture that will live long in the memories of all those present.

A mighty cheer greeted the announcement that Germany had, in signing the Armistice, practically accepted defeat; then a reverent quiet, as the people were reminded of the fallen heroes and the sorrow that was necessarily mingled with the joy. Slowly the glorious strains of our National Hymn arose from the crowded mass and hard would he be of heart who was not thrilled at the grandeur of it all. The livelier tunes of popular songs then followed, after which the majority of the crowd dispersed to various parts of the city, there to celebrate in their own way the successful termination of the great struggle for freedom.

Random Notes.

The gentle art of camouflage has extended to Australia. At the recent Gala Day celebrations one College boy might have been seen disguised as an Eastern Potentate; he wore a bright-coloured sash and a striking turban, but unfortunately the camouflage was incomplete as he could not change his face. Another by a few dexterous touches represented an animated pea-nut. These and others must have contributed materially to the winning of the war, for a

Lower schoolboy stated in an essay, "I consider that because Gala Day was such a success the war ended quickly."

One would hardly expect that rain would increase the size of the "fields" at the Annual Athletic Sports, but such was the case this year, because it was not until the rain came that the colours on the flags decided to run. By the way, when the breeze sprang up later on, the flags themselves had a flutter.

We learn from a pupil in the Lower Fifth that one of the chief uses of chlorine is for making smelling salts.

Incense, we are told, means "not sensible."

Romulus was thrown in a basket into a river and brought up by a wolf.

"He was shot in the leg by a bullet and when the doctor took it out there was much bloodshed."
