MISS MURDSTONE

Miss Murdstone was an iron cold lady —  
 Well mannered, heavily laden with gloomy  
 jewellery.  
 Her bushy eyebrows gave her the appearance  
 of a strict old witch.  
 Her shaggy hair was overladen with hair  
 spray  
 Making it look like a bunch of wire.

Harry Fallaw

KIDNAPPED

I saw a lady bug,  
 Acting on a leaf,  
 and then a bold black cricket,  
 played the role of the thief.  
 They kidnapped the black beetle,  
 And tied him to a twig.  
 They bound his legs with spider  
 webs,  
 And danced a nasty jig.  
 The butterfly made the rescue,  
 It saved the prisoner black.  
 She soared off in the sun filled sky,  
 With the beetle on her back.

Catharine Turner, Yr. 5F

There once was a man with a beard,  
 Who said it was just as I feared.  
 Among all his hair.

 And now he has just disappeared

BUNYIPS

The Bunyips cunning and creepy,  
 Slithery spooky and sneaky.  
 Ugly disgusting and rotten.  
 Dark dank and sodden.  
 Odourous, musty and smelly  
 Slithering along on its belly.  
 With a plod, plod, plod.  
 With a slurp, slurp, slurp.  
 Beware one night he may catch  
 You!!

GETTING UP LATE

Oh I wish I'd get up before,  
And hadn't continued to snore.  
For then I'd not be late and,  
Could have eaten the food on my  
plate.

Now I'll have to ride to school,  
Because I missed the bus like a fool.  
What's this? A flat tyre! Oh great!  
I'll have to walk to school, I'll be doubly  
late.

So I hurriedly packed my bag.  
I decided not to wag.  
Then I set off down the road,  
Thinking how stupid, such a  
thickhead,  
what a toad!

Marcus Herrick, Yr. 7S

Very tired.  
Clean my teeth  
Toothpaste is  
horrible!

Eyelids drooping,  
Falling asleep  
Turn off the light  
Goodnight.

I walked on my cats tail.  
It gave a little scream.  
It jumped up and scratched me.  
And I dropped my icecream.

Mary had a little cow,  
Its skin was black and white.  
And everywhere that Mary went  
It followed in delight.

CARICATURE

Mr. Jones walked into the room. Well, his nose came in followed by his lips, then finally in came Mr. Jones. I couldn't believe what I saw. I had been told that his nose and lips were rather large but I never expected that they would be as large as they were.

When I first saw his nose I thought it was fake; it was as if his nose had kept growing outward from his face in desperation trying to get rid of the awful smell that oozed out from in between the giant lips and up into the giant flapping nostrils. Underneath his nose, in a shadow, were the great big lips. They looked as if they had been blown up by a pump and then left with great weights hanging from them. Every now and then Mr. Jones would smack his lips together, and for an instant, the weights would leave his lips and they would wobble like jelly for about two seconds, and then the weights would return and his lips would hang down again, in their unhappy state underneath the shadow of his nose.

## SHENANIGANS

Shenanigans visited the Prep on May the 18th. They played all kinds of instruments, for example; drums, bagpipes, clarinet, bugle and some other interesting instruments. Some people were picked out from the audience to go on the stage and play some of the instruments or do a special dance.

## ALF DUNDEE

We watched in disbelief as a bushman set up camp on the edge of our school hockey oval. Was he supposed to be there? Where had he come from? Why were his sheep trampling over the oval?

These were some of the questions we could not answer so we went up to say hello, but before we got to say anything he said, "I've got permission to be here!" as though kids had talked to him before us and had rudely nagged or questioned him as to where he had permission.

We answered, "This is actually a hockey oval."

"No it's not, it's a triangle not an oval," he corrected.

"No what we mean is that we play sport here."

"Well there's nothing wrong with playing on a paddock," he answered.

Later that morning during English we went out and he talked to us. He really got his kicks out of talking to us.

## GRADE 4 GO TO THE ZOO

In Term Three year 40 and 41 visited the Royal Melbourne Zoo. Both 40 and 41 made "Zoo Books" in which at school we wrote questions about the animals in and at the zoo we filled in the answers. It was an enjoyable experience and everyone had a good time.

## GRADE 6 ART EXCURSION

1st September 1987

9.00 a.m. It was a freezing start to Spring. On the bus it was as normal — LOUD!

10.00 a.m. We arrived at the Meatworks Art and Craft Centre. We broke up into our groups and had a look around. The various crafts included hot glass, wood turning, clay modelling and weaving.

12.00 p.m. We left the Meatworks and went to the National Gallery of Victoria. We sat down and ate lunch, then we walked around on the grass observing the garden.

12.30 p.m. We broke up into our groups again. My group looked at the Aboriginal Art and the painting by Picasso "The Weeping Woman".

1.00 p.m. We got into larger groups and went on a guided tour. We mainly looked at Australian Art.

OF  
EPEANARRA - W.A.

EPEANARRA

This year the children at the Prep School have been involved with the Aboriginal children of Epeanarra. This is a small outback town in Western Australia.

We have swapped letters with them and are making many new friends.

Right now fundraising efforts are concentrated on buying a satellite dish through the holding of sweet stalls, car washes etc.

The dish will enable the children to watch T. V. and listen to the radio just as we do.

PRAYER OF THE ABORIGINAL PEOPLE

Father of all,  
you gave us the Dreaming.  
You have spoken to us  
through  
our beliefs.  
You then made your love  
clear  
to us  
in the person of Jesus.  
We thank you for your care.  
You own us. You are our  
hope.  
Make us strong  
as we face the problems  
of change.  
We ask you to help  
the people of Australia  
to listen to us and respect  
our culture.

Make the knowledge of you  
grow strong in all people,  
so that you can be at home  
in us  
and we can make a home  
for everyone in our land.  
Amen.

Prayer composed for the meeting  
between Pope John Paul II and the  
Aboriginal people, November  
1986.

## MUSIC

I am new at Geelong College this year and I found Music the hardest subject to adjust to. I was out of tune when I sang and always play the wrong note on the recorder. I am improving my singing and I sang at the Easter Service. I then worked very hard at my recorder and played in the Music Evening. Later in the year Grade Five came second in the Eisteddfod. Now I find Music, both singing and playing the recorder, a whole lot easier.

## A NEW LIFE

Had just arrived in Australia,  
 Crikey, what a place!  
 It has lovely warm weather,  
 And there's so much open space!

Where's all the cars?  
 And the hustling bustling crowds?  
 Where's all the smog,  
 Covering the sky in great grey clouds?

Australian life is much too slow,  
 Playing sport and watching T.V.,  
 I prefer the competitiveness of Tokyo,  
 That's the place for me.

A city of concrete giants,  
 Clawing at the sky,  
 A city of shrewd businessmen,  
 Whose profits rise skyhigh.

A city of cars and buses,  
 Of bright lights and loud noise,  
 A city of high-tech robots,  
 And electronic toys.

Although I now live in Australia,  
 With its beautiful surf and dark suntan,  
 My heart lies in the bustle,  
 Of Tokyo, Japan.

White man came and drove us away

Thundering swelling water,  
 Breaking, engulfing the surfer,  
 Slicing down the glass-like tube,  
 Emerging at the end,  
 Victorious!  
 Iridescent board weaving across  
 the wave,  
 Rider our horizontally,  
 Momentum the glue for his feet,  
 He defies the law of gravity,  
 Wipeout!  
 He is flung down the face of the wave,  
 Chased by the white water,  
 It catches him at the bottom,  
 Crash!  
 His legs and arms fall about helplessly,  
 As he tumbles over and over again,  
 His surf-board attached to his leg,  
 Shaves past his head.  
 Slowly he rises to the surface,  
 Checks his aches and pains,  
 And starts all over again!

## THE LION THE WITCH AND THE WARDROBE

After reading the story "The Lion, the Witch and the Wardrobe" Grade 6B decided to do a play based on the defeat of the White Witch who had cast a spell on all of Narnia so it would always be winter but never Christmas.

The rescue of the animals and battle scene was chosen because it involved a lot of characters and was an exciting part to perform.

The best part of the play was the end (the battle scene) when all the animals were fighting the White Witch's creatures. All of a sudden the mighty lion was crouched ready to pounce on the Witch. Finally he defeated the evil Witch.

One day I had my hair cut and no-one else in my family did. So I asked Sarah if she wanted her hair cut? She said, "Yes," so we went and got the sharpest scissors we had. Snip, snap, finished! "Go and show mum." When mum saw she got a shock. She was cross, really cross!

## THE DAY DAD CHOSE A GREAT CAMP SITE!

One day my dad and I went camping in the forest under an enormous tree. When we went to bed I saw a shadow. I screamed and ran out of the tent. It was a jaguar!

I ran for my life. Dad came behind me. I jumped onto the trailer and dad drove on.

Soon we came to a billabong where we set up camp. It was very late and dark so we went to bed again.

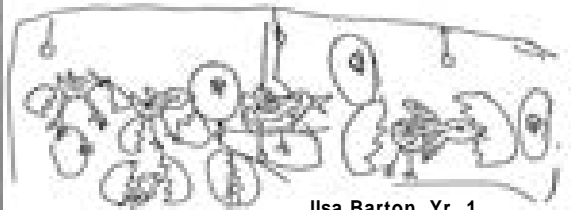

In the morning we washed in the river. I screamed...it was a crocodile! I ran for my life and so did dad.

We went home and waited until the next year. Then I chose the spot. It was great fun because mum came and we went to Ayers Rock.

## WHEN THE TRUCK CAUGHT FIRE

One day I was helping dad with the harvest. My brother and I were driving down the crop when I said to my brother, "Gus, could I check the grain bin?" He said, "Yes," so I got out of the truck and heard some crackling from under the truck. I investigated and it was a little fire under the chassis of the truck. So I ran up the crop to tell dad and he went down in the harvester to pick up Gus. Then we went to the other truck to get some knapsacks and sacks. Then our next door neighbours came in their truck with the tank on the back of the truck. They started to put it out. There were a lot of other trucks which came to put out the fire. Then the fire brigade came after the fire had been put out!

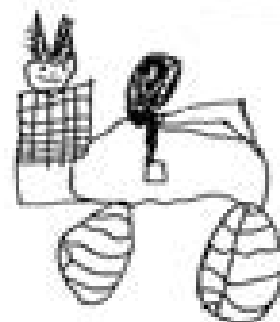

Gran came because she was at the other farm and she saw the smoke. I went home with her.

Once upon a time there was a mouse called Sebastian. One day he was digging a hole when he found a bottle with a map in it. He did not tell anyone about the map. So he left a note and went to sea. He got a crew and a boat and set off to rule the sea. A few days later he saw a cargo boat. He yelled out, "Fire the pea cannon!" He stole every cent on the ship. He set off to find the treasure. He searched and searched and he found it. He was rich!

## HEADMASTER — PREPARATORY SCHOOL

Each Pegasus shows a sample of school activities for its year, and although words and pictures alone never do justice to the real experiences we have, they can rekindle memories of happy times, funny times, challenges, disappointments and successes.

A good school, one way or another, and over the years, should provide all these kinds of experiences for its students. It is through successfully facing challenges, living and learning with others, that we grow in strength of character as useful citizens.

Students of the Geelong College Preparatory School are very privileged in the range and excellence of activities they can take part in, and in the people — students and teachers — who they work with.

I hope you enjoy your 1987 Pegasus, and that it contains some worthwhile memories for you.

Mr. Peter Hughes.  
Head of Prep School

# Sports Reports: Hockey - Soccer - Cricket '87

## HOCKEY '87

This year has been a great year of hockey for the three College teams, with all of them tending up in the top 5 places. The team spirit and the high degree of sportsmanship have been an excellent part of all the teams' games.

The coaching given by Mrs. Hearn, Mr. Roberts and Miss Palmer has greatly improved all the players' individual and team skills.

At this, the end of the season, everyone's game skill has reached a peak. It is a pity that the season has finished. With only the Lightning Premiership remaining to be played, and the breakup party over, all the players are now moving into their summer sports.

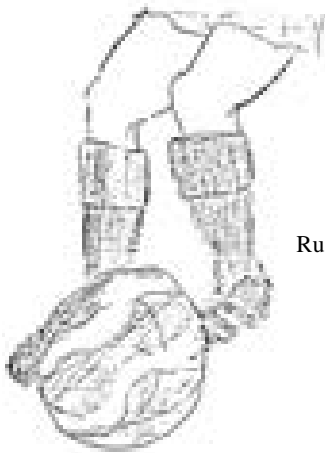

The U15 team next year, with all their players being year 8, will be going to senior school and will be playing in the A.P.S. hockey competition. It is to be hoped that they will be able to stay and play together next year, and so not have to develop a new team combination.

Also this year many new players began playing hockey, some of them as young as grade 4. They played in the U13P team and although they lost many games at the beginning of the year; later in the year, with a dramatic improvement in skills, they began winning, to end up 4th on their ladder.

U13H team had a great combination of skill and consistency. Throughout the year they were a great team and they ended up 3rd in the U13 division.

We hope that the coaches will continue their excellent standard into the future, also that all the players will continue to play the game, keep up the level of sportsmanship and team play, but most of all enjoy the competitiveness that the game of hockey offers.

## UNDER 13A's CRICKET 1987

We were scheduled for 7 matches but 3 were cancelled due to rain. We won three out of four matches and each was of a high standard. Troy Wild and Leigh McCorkell fielded nicely in all the matches while James Nelson, Tim Matthews and Mark Wise batted well.

Anthony Middleton and Troy Wild got many wickets and Troy even got a hat-trick.

We were all well disciplined and everyone played as well as they could.

Thank you to Mr. Wade for coaching and umpiring every match.

Well done!

The games were keenly contested with good skills being displayed.

There were two Primary Football teams in 1987. All players were very keen and also played well every week.

## UNDER 13A FOOTBALL REPORT

The Under 13A's started the season in a very promising way, and continued the form right through to the end. Finishing it with only one defeat, and that was only after a long tough battle from both Hailebury and us. It was a great year in which to gain experience both in football skills and also growing and learning as a team.

It was also a chance to test ourselves, as we played in both types of conditions. Slightly damp and flood waters. But despite the conditions we always had good support from the parents. So thank-you to all parents.

I'd also like to thank Mr. Jennings for helping and coaching us through the season and we all I'm sure look forward to what's in store for us in the '88 season.

Under 13B Team

## YEAR 7 UNDER 13B FOOTBALL REPORT 1987

The Under 13B football season was one of mixed success. After a promising start to the season we experienced a mid season slump. But recovered in the later matches to finish with a respectable score of 7 wins out of 13 games.

As the season progressed Mr. Barry concentrated on improving our teamwork with handballing, marking and tackling.

The most promising aspect of 1987 was the improvement shown by all the players as the season went on.

We look forward to a very successful football season in 1988.

## THE SECONDARY SWIMMING SPORTS

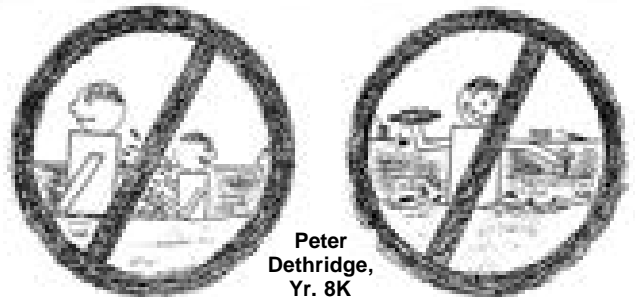

On Friday the 6th of March the four houses once again were locked in fierce battle to reign supreme.

The crowd were roaring as the first event got under way. The clouds were threatening overhead but that didn't dampen the spirit of everybody involved. Bellerophon and Helicon took command from the very first event and it was level pegging right the way through. At about halfway through the events the rain came down and everyone except the contestants ran for cover. Even though Bellerophon and Helicon were running away from the others Pegasus and Minerva are always giving their best try. With two events to go Bellerophon and Helicon were neck and neck. It came to the last event. Helicon needed a win to take it out but they got a third and Bellerophon took it out by 1 point. The final standings were:

BELLEROPHON	164.5
HELICON	163.5
MINERVA	144
PEGASUS	89

Overall the sports were a complete success.

Alastair Thomson and  
Scott Westhorpe, Yr. 8G

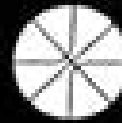

## HOUSE SWIMMING SPORTS

The Primary and Secondary House Swimming Sports proved to be very enjoyable for all concerned.

Bellerophon proved to be the premier Swimming House by taking out the Secondary aggregate and scraping in by one point from Helicon in the Primary Sports.

## PRIMARY NETBALL REPORT

This year primary netballers did well in the winter comp with 5 out of 6 teams playing in the finals. Prep. Orange were runners up in the grand final and Prep. Lemon were premiers.

Congratulations to Rhiannon Bourke, Sophie Long and Sophie Weddell who all won best and fairest awards in their grades. Also congratulations to Susie Barrett who won a runner-up best and fairest award.

Many thanks to Mrs. Bourke, Miss Silver, Mrs. Knowles and Miss Tayler for coaching the primary teams this season.

Sally Morris, Yr. 6B

## SECONDARY NETBALL NEWS

This year there were 7 secondary netball teams. Navy, Green, White, Gold, Red, Blue and Aqua. The girls have enjoyed a good season of netball at Kardinia Park this year but of course we couldn't have done it without the coaches. The coaches Miss Bucknall, Mrs. Murrells, Mrs. Wylie, and Ms. Bradford have all been dedicated and devoted to their teams.

Unfortunately Blue was the only team that won however. Green, Red and White were all runners up. All girls playing netball have improved their fitness and skills throughout the season. Practising commenced two nights a week, this year on Tuesdays and Thursdays.

All teams went their separate ways to celebrate the season: Green/Navy - Pizza Hut, White/Gold - McDonalds, Red/Blue - no celebration, Aqua - no celebration.

On behalf of all the netballers we would like to thank the supporters: Parents, Grandparents, Aunties, Uncles, etc. who helped the teams through thick and thin.
